new ways to stimulate and encourage creativity. conferences, guilds and retreats. As the market leader, we focus on creating culture has sprouted around this amazing medium — websites, newsgroups, Inc. are among the most desirable craft clays on the market today. An entire today's marketplace, Sculpey ® oven-bake clays from Polyform Products Co. From humble beginnings more than 50 years ago to widespread popularity in index

America’s first oven-bake clay is known for its soft easy to use texture, lasting strength and easy clean up. Original Sculpey has been a favorite of kids, parents and teachers for generations. 

Perfect for amateurs, Original Sculpey is soft and easy to sculpt, which makes it great for school and art projects. It stays soft until baked in a home oven, and can be rebaked, ideal for sculpting in sections. Once baked, Original Sculpey can be sanded, drilled, carved or painted with acrylic paints.

- Soft and easy to sculpt
- Most economical clay which makes it perfect for school and art projects
- Stays soft until you bake it in your home oven
- Perfect for building a sculpture in sections as you can rebake until your masterpiece is complete
- The clay takes acrylic paints beautifully
- Perfect for use with armatures
- After baking may be sanded, drilled or carved
Super Sculpey is a unique ceramic-like sculpting compound that is oven-bakeable. Super Sculpey clay is much loved by artists, doll makers and animation studios around the world. Shatter and chip resistant, it can be carved, sanded, drilled and painted after baking.

Super Sculpey Medium is the perfect blend of both Super Sculpey and Super Sculpey Firm. Firm enough to hold its shape, yet soft/malleable enough to comfortably build/shape and blend pieces together. Allows the consumer to carve detail into their piece easily. This clay allows you to use build up methods that are more additive and focused on building out shapes in small increments. Once the clay has been kneaded slightly, it is highly malleable and ready to blend. Cuts down on sanding time because it blends so smoothly. Shatter and chip resistant.

Super Sculpey Firm is an extra firm gray sculpting clay. The gray color allows both sculptors and photographers to see the smallest details when sculpted. After baking, Super Sculpey Firm can be sanded, drilled, carved and painted.

SS1SCULPT | 1 lb (454 g) FIRM-Gray
• Perfect for fine tooling and detailing characteristics in your piece
• Gray color allows for shadows to be seen more easily and therefore more detail and accuracy can be achieved in a sculpture.
• Available in easy to cut scored bars
• Shatter and chip resistant
• Great for both small and large scale sculptures because of its ability to hold detail.
• Takes paint beautifully for an amazing finished looking piece

SSMED1 | 1 lb (454 g) MEDIUM BLEND-Gray
• Perfect blend of both Super Sculpey and Super Sculpey Firm.
• Firm enough to hold its shape, yet soft/malleable enough to comfortably build/shape and blend pieces together.
• Allows the consumer to carve detail into their piece easily.
• This clay allows you to use build up methods that are more additive and focused on building out shapes in small increments. Once the clay has been kneaded slightly, it is highly malleable and ready to blend. Cuts down on sanding time because it blends so smoothly.
• Available in easy to cut scored bars.
• Shatter and chip resistant.

Living Doll

Super Sculpey Living Doll is a dream come true for dollmakers. This professional quality oven-bake clay is formulated for easy blending and bakes to a semi-translucent skin tone. 3 different skin tones allow you to blend your perfect shade and does not show seams. Living Doll is perfect for fine tooling and creating detailed characteristics on your piece. Can be sanded, carved, drilled and painted after baking.

ZSLD1 | 1 lb (454 g) Beige
• Semi-translucent skin tone look after baking
• Comes in 3 popular skin tone colors – mix them together to perfectly replicate any skin tone
• Takes paint beautifully for an amazing finished piece look
• Perfect for fine tooling and detailing characteristics in your piece
• Blends easily with no seams
• Can be sanded, carved and drilled after baking

ZSLD3 | 1 lb (454 g) Light
ZSLD4 | 1 lb (454 g) Baby

- Seamless Acrylic Roller smooths without leaving roller marks
- 7.75 in (20 cm) width is perfect for rolling large sheets
- Clear material will not block vision of clay below
- Easy-to-clean roller has a non-stick surface
With Sculpey Tools and Accessories you are covered for all of your rolling, cutting, etching, smoothing and detailing needs plus more. Designed specifically for ease of use, these tools meet the needs of all polymer clay users from beginners to experienced artists.

**ASST01 | Style & Detail Tools**
- A sleek looking set of double-ended tools with metal ball ends for shaping clay and flexible tips for smoothing and blending clay.
- Use the Flexible Tip Shaper ends to shape and smooth clays, blend seams, create patterns and textures. They come in 5 mm, 7 mm and 8 mm sizes.
- Use Metal Ball Ends to make indentations, concave forms and create curled or wavy edges. They come in 12 mm, 6 mm and 2 mm sizes.

**ASCT01 | 5-in-1 Tool**
- A multi-purpose tool set that includes five interchangeable heads including: Blades, Needle Tool, Metal Ball End and two Flexible Shapers. Unique magnetic design makes switching tool heads quick and easy. The head storage base allows you to keep all of the heads organized and in one place.
- Use Blades to create lines, fine details and cut clay.
- Use Cone Tip Flexible Shaper to shape and smooth clay, blend seams, create textures and patterns.
- Use Orisel Tip Flexible Shaper to form thin lines and patterns, smooth clay and blend seams.
- Metal Ball End creates indentations, concave forms and creates curled or wavy edges.
- Use Needle Tool to create lines, small holes, textures, fine details and patterns.

**ASETPL | Etch ‘n Pearl**
- Functional points and different sized rods for piercing and baking beads
- Etch detail into clay pieces
- Create three sizes of pearls with concave ends
- Use to pierce your beads before baking
- Use with the bead cores to make special beads for charm bracelets

**ASST01 | Clay Tool Starter Set**
- A set of 3 double ended tools, each used for a wide range of projects and techniques.
  - Use the Needle Tool to create lines, small holes, textures, fine details and patterns.
  - Use Stamp End to add detail.
  - Use Blunt Point for small scale sculpting, punching holes, shaping, refining and smoothing clay.
  - Ball End creates indentations, concave forms and curled or wavy edges.
  - Use Knife End to create lines, patterns and cut clay.
  - Use Flat End easily smooths, blends and adds patterns and details to clay.

**ASD01 | Style & Detail Tools**
- Use the Flexible Tip Shaper ends to shape and smooth clays, blend seams, create patterns and textures. They come in 5 mm, 7 mm and 8 mm sizes.
- Use Metal Ball Ends to make indentations, concave forms and create curled or wavy edges. They come in 12 mm, 6 mm and 2 mm sizes.

**ASTECH01 | Technique Design Blocks**
- Use to create mokume gane, bargello and mica shift techniques quickly and easily. These techniques typically require multiple tools and accessories, now they are possible with just one tool.
- 4 blocks include: one Dragging Tool end and 3 additional ends (Linear, Geometric and Bristol Block) that have different shapes, lengths and width points to create varying designs.
Create beautiful, one-of-a-kind beads with Sculpey’s assortment of bead making accessories. Now, measuring, rolling and baking perfect beads are as easy as 1, 2, 3 with the Sculpey Bead Maker and Bead Baking Rack.

Sculpey Hollow Bead Maker now allows you to design the perfect bead for your project in 5 available size options.

*Circa Cutter sizes match the Hollow Bead Maker for perfectly sized beads every time.

**AS2020 | Hollow Bead Maker**
- Creates the perfect dome for a variety of hollow bead sizes
- Includes five different dome sizes: 0.75", 1", 1.25", 1.5", 1.75" (1.9 cm, 2.5 cm, 3.1 cm, 3.8 cm, 4.4 cm)
- Make both halves of the same size bead at one time
- Sizes to perfectly match the Sculpey graduated circle cutter set (see page 22)
- Bake right on the mold

**AS2035 | Bead Maker**
- Makes 3 different sized beads – 13 mm, 16 mm, 18 mm
- Measuring cups guarantee a perfectly sized bead every time!
- Easy to use, makes beads in seconds!

**AS2030 | Bead Baking Rack**
- Includes 12 skewers
- The bead baking rack is ideal for baking multiple beads at one time
- Beads bake evenly and perfectly shaped. No risk of flat bottomed beads!

**AS2050 | Bead Making Kit**
- The Bead Making Kit provides all the essential tools needed to start making beautiful beads!
- Includes all the tools you need from start to finish
- Bonus storage pouch is perfect for on the go crafters!
- Kit includes: Clay Baking Cushion, 400 and 800 Grit Sandpaper, Blade, Roller, Metal Cutter, Needle Tool, Storage Pouch, Lentil Bead Tool, Bead Making Guide

It's fluffy, squishy, light and most importantly FUN!! Pluffy never dries out perfect for continuous play or you can bake it to save your masterpiece forever.

EZ SHAPE is a wax based modeling clay that is easy to work with and never dries out. This pliable clay sticks to itself with just a little pressure making it easy to form fun figures and shapes in a variety of vibrant colors. Safe and fun, EZ SHAPE is ideal for kids ages 4 and up.

K3 4300 | Primary
- Includes 6—1 oz (28 g) bars of clay: White, Yellow, Blue, Red, Brown, Black and 1 modeling tool

K3 4301 | Tropical
- Includes 6—1 oz (28 g) bars of clay: Yellow, White, Orange, Lime Green, Aqua, Hot Pink, Dark Purple and 1 modeling tool

K3 4302 | Pastel
- Includes 6—1 oz (28 g) bars of clay: Yellow, Orange, Beige, White, Pink, Purple and 1 modeling tool

BAVPPA | Bake Shop
- Ecomonical variety pack – perfect for camps, classrooms and other group activities.
- Includes 12 colors for maximum creativity!
- Bonus modeling tool to shape and sculpt cool clay creations.

NDC20 | 20 Color Sampler
- Olive Green, Purple, Light Blue, Neon Orange, Neon Yellow, Neon Pink, Neon Green, Beige, Neon Red, Magenta, Black, Blue, Green, Red, Pink, Yellow, White, Gray, Orange, Brown

NDC52 | 52 pc Variety Pack
- Gray (2), Pine Green (2), Olive Green (1), Green (2), Lime Green (2), Lemon Green (2), Yellow (2), Burnt Sienna (2), Peach Orange (2), Pink (2), Shocking Pink (2), Red (1), Light Peach (1), White (4), Neon Red (1), Cherry Pink (1), Light Pink (1), Purple (2), Red (2), Persian Blue (2), Slate Blue (1), Teal (2), Midnight Blue (2), Violet (1), Brown (2), Black(4), Tan (2), Beige (1), Light Purple (1)

NDC3 | Natural
- Black, Brown, Persian Blue, Olive Green, White

NDC3 | Bright
- Violet, Neon Pink, Neon Yellow, Green Apple, Peach Orange

NDC56 | Primary
- White, Yellow, Red, Midnight Blue, Green

DR75 Modular Wire Display

- The new DR75 display is a modular, stacking merchandising system that allows retailers to build and customize their displays of Sculpey III, premo! Sculpey and Souffléd clay.
- Start with the 2-tier shelf and add single-tier shelves or another 2-tier shelf to increase the height and offerings on the display.
- Separate header holder is easily attached to the top of the display.
- Gravity feed display keeps clay continuously merchandised to front of display.

**DR75S3 | Best of Sculpey III**
- DR75 Single-Tier Shelf (1), DR75 Double-Tier Shelf (1), DR75 Header Holder, Sculpey III (24 colors/240 bars)
- 12" L x 18" W x 18.5" H; 41.5 lb
- 30.5 cm L x 45.7 cm W x 47 cm H; 18.8 kg

**DR75S5 | Full Line of Sculpey III**
- DR75 Double-Tier Shelf (2), DR75 Single-Tier Shelf (1), DR75 Header Holder, Sculpey III (38 colors/400 bars)
- 12" L x 18" W x 28.75" H; 68.5 lb
- 30.5 cm L x 45.7 cm W x 73 cm H; 31.1 kg

**DR75S6 | Full Line of Sculpey III**
- DR75 Double-Tier Shelf (2), DR75 Single-Tier Shelf (2), DR75 Header Holder, Sculpey III (44 colors/480 bars)
- 12" L x 32" W x 18.5" H; 83 lb
- 30.5 cm L x 81.3 cm W x 47 cm H; 37.6 kg

**DR75P3 | Basic premo! Sculpey**
- DR75 Single-Tier Shelf (1), DR75 Double-Tier Shelf (1), DR75 Header Holder, premo! Sculpey (24 colors/240 bars)
- 12" L x 18" W x 18.5" H; 41.5 lb
- 30.5 cm L x 45.7 cm W x 47 cm H; 18.8 kg

**DR75PA3 | premo! Sculpey Accents**
- DR75 Single-Tier Shelf (1), DR75 Double-Tier Shelf (1), DR75 Header Holder, premo! Sculpey Accents (24 colors/240 bars)
- 12" L x 18" W x 18.5" H; 41.5 lb
- 30.5 cm L x 45.7 cm W x 47 cm H; 18.8 kg

**DR75PA6 | Full Line of premo! Sculpey/ premo! Sculpey Accents**
- DR75 Double-Tier Shelf (2), DR75 Single-Tier Shelf (2), DR75 Header Holder, premo! Sculpey/premo! Sculpey Accents (38 colors/400 bars)
- 12" L x 18" W x 28.75" H; 68.5 lb
- 30.5 cm L x 45.7 cm W x 73 cm H; 31.1 kg

Basic Instructions:
Start with clean hands and work area. Good working surfaces include a glass or metal surface, disposable foil, or wax paper. Work light colors before dark colors to avoid staining clay. Condition clay by kneading it until it’s soft and smooth. When connecting two pieces of clay together, press firmly to ensure that they stick together after baking. Bake on an oven-proof metal surface. Use the Baking Table to determine the oven temperature and baking time. **DO NOT USE MICROWAVE OVEN. DO NOT exceed the recommended oven temperature or baking time.** Children using clay should be supervised at all times. All baking should be completed by an adult. Sculpey® clays should be used for decorative purposes only and not with food, beverage or smoking materials.

Product Quality:
Polyform Products Co. Inc. manufactures all of our oven-bake clays in the United States, each of which can be baked safely in your home oven or toaster oven. Every product manufactured or sold by Polyform is of the highest quality. Safety is and always has been our number one priority. All Polyform products are free from wheat, gluten, sulfur, dairy, nuts, and latex. Our products are never tested on animals.

Changing the Consistency of Clay:
Sculpey clays have the unique ability to be made as firm or as soft as you like. To make your clay softer, simply add a few drops of Sculpey® Thinner & Clay Softener into a handful of clay and knead until mixed. To make your clay more firm, leach the clay by following the steps below:
1. Roll your clay into a sheet.
2. Sandwich your flat clay between 8-10 sheets of plain white copy paper.
3. Place a weight on top your clay (a phone book works great) and allow to sit for 1–24 hours, check clay periodically.
4. When you are done, you will have clay that is the perfect consistency for you!

Pre-Baking Test:
The accuracy of home oven temperatures may vary significantly and will affect the baking of your clay. To test temperature of oven prior to baking your finished piece, always use the following test.
- Pinch off a small ball of clay.
- Shape a disc this size in diameter and approximately 1/4 in (6 mm) thick.
- Refer to instructions for baking time and temperature.
- Remove from oven and check color. Any darkened areas indicate that your oven is too hot.
- If your oven is too hot, lower your oven temperature by 10 °F (5 °C) and try this test again.

**Baking Table**

</tr>
</tbody>
</table>

For projects thicker than 3 in (76 mm), bake for one hour. Baking time should not exceed one hour.

**NOTICE!**
Many modeling clays contain ingredients that may stain or damage finished surfaces. Do not place unbaked clay on furniture, flooring, carpeting or fabric. Protect finished surfaces by using unbaked Polyform clay products on a glass or metal surface, or use disposable foil or wax paper beneath your work.
